Somner & Co's Livery establishment on Market street. The proprietors have recently made some valuable and beautiful additions to their stock. We noticed one of them out recently holding the "ribbons" over a splendi I span of blacks which they have lately purchased. FOR THE LADIES .- On Thurs lay next, Mrs. Howerton at No. 6 Union street, will open her summer fashions for the inspection of the ladies of this city and vicinity. We called in at her establishment a day or two since and were shown some of the beautiful Summer style bonnets which she has on hand. They are among the prettiest creations in the bonnet line we have yet seen. The skil and taste manifested in the designs and fashions this season surpasses, in our bumble judgment, any thing which has appeared during former years.

Mrs. H. is also prepared to cut and make dresses after the most approved modes and fasidons, Her assortment of bonnet and dress trimmings is very extensive and most complete.

MR. DOLBEAR'S Classes, should do so immediately.

N. B. - No new pupils will be received after April 20th.

Those who wish to know the advantage of Mr. D.'s instructions, should inquire of those Ladies and Gen lemen who have attended his Classes, or of those families whose children have attended his instructions.

Mr. D. is negligible to decide the instructions. Mr. D. is particularly desirous to be judged only by the results of his own labors, an I not by the ill success that may have been witnessed in "Warrau Schools," where the teach-

ing was confined to the mere immitation of a cupy, without a knowledge of such scientific principles as must guide uner-ringly to success; nor the logic of those who believe that the railroat, steamings, and telegraph, do not surpass in speed, the ox-cart, barges, and post-beys.

Sir. D. believes that every person can learn that three times three make nine, and that when Permanship is taught on principles as fixed and uniform, as that of arithmetic, su come will be equally certain to all who are guided by them, whether they are six or nixty years of age.

Ladies and Gentleman, are requested to call and examine for themselves the improvement of others. Hours 9 to 11 A. M., 8 to 5 P. M., and 7 to 9 at night.

Neuralgia Cured .- Read what Mr. Boyden says: n neever had certificates from such respectable sources as Carter's Spanish Mixture Mr. F. Boyden, one of the original proprietors of the Astor House, New York, and for a number of years of the Exchange Ho el, Richmond, Va., was cured of a severe attack of Neuralgia, by Carter's Spanish Mixture. The rapid and perfect cure effected in his case by this valuable medicine, arrested his attention and excited his interest; he recommended it to others afdicted with a variety of diseases, and in every instance a cure was effected. He has seen it cure Ague and Fever, Rheumatism, Liver Complaint, Dyspepsia, Fevers, Violent Coughs, and cases which were said to be confirmed Consumption, and nearly every other disease for which it is used. He remarks it is difficult to know what disease it will not relieve or cure, and as a Blood Purifier, and Spring and Fall medicine., he has never seen its equal. He cheerfully recommends it on all occasions, and believes it to be the most valuable remedy extant. march8-1m

Important to Consumptives -Many valuable lives have been saved by HEGEMAN, CLARE & Co.'s GENUINE Cop Livas Oil, which, in all human probability, would have been lost but for its timely use.

It is no quack medicine, but the pure Oil, made with the atmost care from the Fresh Cod Fish Livers, and is recommended by the most eminent physicians in Europe and America, and has proved by ten years' experience the most valuable remedy for Consumption and Scrofula ever discovered, for, while it cures the disease, it increases the health and strength of the patient. Caurios Toere is a great deal of sporious oil, adultera-

ting, injures the patient, by deranging the disestive organs, but being cheaper, is by unprincipled persons palmed off for genuine. Notice, that HEGENAN, CLARK & Co.'s signature is over the cork, and the Eagle and Mortar on the label; for, since the debth of W. L. Rushton, our late partner, there has been an article called Rushton's put in the market, which is in no way connected with with R. C. & Co., or H. C. &

ted with Seal Oil, Whale Oil, &c., which, instead of benefit-

cess, have been restored to health by the Genuine Oil of Foldby EWIN BRO.'S, J. G. BROWN, and by all respectable Druggists,

THE REIGN OF ART .- In this wonderful age, Art lays her masser touches or almost everything. The ceilings over us and the carpets we tread on, are hallowed by Art. Art winds the railway through the mountains and the mud; makes her machines of wood and Iron, to act as if with knowledge and annihilates space with lightning tamed down to the tuteledge of a boy. Nothing is too lofty for her touch and nothing too humble. A new proof of this old conviction has just fallen under our notice, in the shape of a CATHARvio Pill, from the Laboratory of that world renowned Chemist, Dr. C. J. ATER.

Are you Getting Bald ? Is your hair turning grey? Do you wish to cultivate good whiskers and moustaches? Your hair to be soft, silky and glossy? Your head to be cool, comfortable and free of udruff! Mothers! are your children to have inxuriant heads ofhair? Then use Boota's Hypanion Fluid, which never fails in its unerring effects. Prices 25 ets, 50 ets, 75 ets, and \$1 50 per bottle. Bogie's Baim of Cytheria stands unrivalled for eradicating tan and pimples, and beautilying the complexion. Price 50 cts, Inventor and proprietor, W. Bogle, Boston. and sold by Druggists everywhere.

If we understand the subject, he has carried that article to the farthest perfection of which it is capable. Instead employing Drugs in its composition, as we have always thought the necessary and only way, he has with consummate skill extracted the virtues of the medicine to be employed and combined them alone in their purity together. The composition is then mixed and rolled by machinery and steam power into a sperold pill which is wrapped in an envelope of gelatine, for protection from the effects of weather or time, and then thickly coated with sugar, to serve as its passport over the palate. Notwithstanding all the labored perfection they are offered to the Public at less than one centeach. However humble the desartment, we think this may be cafely characterized as the consummation of Art in itsline .- Morulhy Nears. Bad.

His offers to the trade, teachers, and schools, are of the most favorable character-all of which he will be able to fill to the letter, for having wisely adopted the cash system. The Horace Waters' Pianos are known as among the very best. We are enabled to speak of those instruments with some degree of confidence, from personal knowledge of their excellent tone and durable quality .- N. Y. Ecangelist.

Wise's Summer Opening! FIRST APRIL!

WELL, if Paris Millinery Establishments can surpess Wise's on his first early Spring opening of Pancy Bonnets and Millinery Goods some two woeks since, it must indeed be a Paradise of Fashion. But why should ther not be equal, as he has his Agent there to forward styles and fashions by every steamer.

It is astonishing to see that the large stock opened on the 15th inst., has all gone forth to bedack his inir lady friends in every part of Tennessee and Alebama; and he now gives notice to his city trade that, on Wednesday, the 1st of April, he opens his most exquisite, select and stylish Hats and Millinery Goods, consisting of over 300 rich Chip and Fancy Bonnets, not to be surpassed in the World of Fashion. So call soon on that day, as they have been moving out fast on cold days, and now that it is pleasant weather, they will go in a hurry. As this is the grandest stock of Goods ever exhibited by him, he trusts to receive stock of Goods ever exhibited by him, he trusts to receive that compliment from his la 'y friends. march 80
